Auto Bake Gantry System

Features and benefits: Auto Bake Gantry systems are designed to work over conveyors in production bakeries. This industrial muffin picker is available in many customized configurations and is tailored to meet the specific needs of your project. Certain points of design consideration are:

Construction: All our gantry systems are made of 300 series stainless steel, TIG welded, with full wash down motors and are custom made to meet your length, width, and size needs. All Contact parts made of food-approved materials. Robust & thick-walled frames free from unsealed penetrations.

Description: All equipment is manufactured and designed with endurance, sanitation, maintenance ease and production needs in mind.

PROUDLY MANUFACTURED IN THE USA | 100% SATISFACTION GUARANTEED
